Janet:

Just wanted to let you know that your company has been tremendously assistive to us in our building process as a company.

Your service has been fast, friendly, and above all-VERY supportive of our efforts!

You helped us out with a new printer this past month, which has allowed us to expand our promotion capabilities to our customers with short run, VERY high quality promo-and we are using it to "test" promotion and making sure it is right, before we do big runs.

As an aside, the increased quality from the new Xerox printer is really an improvement!

So please relay our appreciation as a company!
