Lewan & Associates  
1400 South Colorado Boulevard  
Denver, CO 80222

To Whom It May Concern:

I would like to identify Andy Veron as an outstanding sales and service representative. Andy was proactive in coming to us with upgrade options as our contract was aging. He offered us what he thought was the best equipment at a lower cost, but AMCi didn't think that option compared to the quality of our current printer. So Andy continued to work to find the best solution for AMCi that fit our budget, gave us some valuable upgrades, plus keep the great print quality we had come to expect.

We appreciate Andy's diligence in finding equipment and solutions that fit our needs, and going the extra mile to follow through after the installation.

We want to thank Andy for his past and continued assistance with our business needs. We would recommend Andy Veron and Lewan & Associates for any business technology needs.

Sincerely,

Wendy Verdun
