Dear Janet:

I just wanted to thank you for doing an outstanding job regarding our copier needs. Our staff couldn't be more pleased with the Sharp product you recommended. You were extremely patient with us and were very professional in handling our concerns.

With our economy obviously in a recession, one can little afford to have poor quality or a copy machine that doesn't work well. So far the Sharp copier has exceeded our expectations. Please feel free to use this as a letter of recommendation for other professionals.

Sincerely,

A blue ink handwritten signature that appears to read "Ted Link".
