Denver, CO 80222

Todd,

It's not every day I take the time to write a reference letter but I must let you know how pleased we've been with Lewan and Associates.

You and Dean were very supportive in our efforts to find the right office equipment. I appreciated you taking the time and asking several questions to understand our business objectives. Additionally, Lewan went to great lengths to work within our budget.

The Xerox device is fantastic! I really like the color quality as it makes our presentations look outstanding! Given it's a multi-functional machine it was very simple to learn and operate.

MHO Networks is a growing company and given your extensive portfolio, we will continue to work and buy from Lewan.

I would highly recommend Lewan & Associates to any business looking into office equipment.

If you have any questions don't hesitate to contact me.

Sincerely,

A handwritten signature in blue ink that reads "Michael Kriech". The signature is fluid and cursive, with a long horizontal stroke at the end.

Michael Kriech
