To whom it may concern:

The Meeting Edge represents over twenty non-profit association clients. Tracking client expenses and printing costs are an integral part of our day. The machines that Lewan and Associates has provided us in our contract have helped us accomplish that.

I would recommend Kyle Tippett with Lewan and Associates to anyone looking for high quality copier/printer assistance. He has been very responsive to our office needs. With his help, we have upgraded several times as technology has expanded. We have added features to facilitate our daily tasks and further enhance our client services. My staff really appreciates the scan to pdf feature on our new machine so we can email things more easily.

I have found Kyle Tippett to be a great partner for my business and professional in-house printing

Sincerely,
